

## **April 2018 Deputy Grand Regent Tammy Neff Message:**

Hello Ladies,

Are we ready to close out the month of April with a gain of 1 member and an increase in our assets plus we have our board of officers and chairman selected for the New Year! HOPEFULLY..... Make sure you are checking your check lists in your Officers handbooks and working your arrearage lists, you are given the tools to succeed so let's use them and make those "AWARDS OF ACHIEVEMENTS AND PERSONAL HONORS".

With spring upon us (at least that's what the calendar tells us) we are beginning to feel the excitement and energy that the sun gives us to start our new Moose year with lots of idea's and fun things to do in mind.

WOTM training is required for Senior Regents, Jr Grad's and Recorder's but all officers and audit chairman are encouraged to attend along with any active co-worker interested in learning more!

There are also several 2-HOTT session's already scheduled so please check out the dates on the Moose International web page.

Remember after your Installation of Officers you can enter the new board and chairman in LCL usually around May 2<sup>nd</sup>. This is very important to make sure the officers and chairman receive credit for serving and so they receive credit with their Moose points too!

Also remember the WOTM bowling tournament is April 21-22 in River Park, IL with a four woman team, doubles and singles. Contact River Park WOTM for more details.

Happy Spring everyone, don't worry it will get here before you know it!

**BE KIND TO ONE ANOTHER!**
