

Message for July

Happy July everyone! I hope everyone is surviving the heat okay and are gearing up for some more heat in New Orleans, I guess this is one way to get us conditioned to be able to handle the heat there. LOL

Just a reminder that our State conference will be right around the corner once we return from International so make sure you get those pre-registration forms in by August 8th so our hostess Chapter Joliet can be a little ahead of the game when you get there making the checking in much easier and faster.

I have been informed that Jan Fregulia, Grand Chancellor Emeritus will be our official visitor for our State conference in August which was wonderful news!

One of our Heart of Community things will be collecting donations for GIGI Playhouse for Downs Syndrome children.

Congratulations to all the new girls receiving their call cards. Now we will be celebrating your accomplishments and the top 5 Chapters in the state when we go to St Louis next month!

Now that we are almost thru the first quarter of our new year hopefully you are in full swing and keeping up with the retention lists and keeping in contact with your membership. You need to sell them on what we do and what we are all about, give them a reason to pay their dues. I know our State Chairman Sarah Dahlgren is more than willing to give you some help and guidance if you just send her an email and ask. (auntsarah75@yahoo.com)

Work hard be kind and amazing things will happen!

Tammy Neff, DGR
